

Admissions and Enrollment Point-in-Cycle

Wednesday, March 6 • 2:00 – 3:30 p.m.

Campus Center, Room CE 305

Presenters: Matt Moody, Norma Fewell, & Steve Graunke

How many students have applied to your program? What are their characteristics? How is your headcount and credit hours looking for this semester? The answers to all these questions are available to IUPUI faculty and staff if you know where to look. This session will display resources available through the Office of Institutional Research and Decision Support as well as the Office of Admissions to find information about incoming students at all levels and admit types. Information on current enrollment will also be shared. Attendees will be able to find a wide variety of information on current admissions and enrollment for benchmarking, trend analysis, and decision making, and will learn who to go to if you can't find what you need.
